STATE BOARD OF EDUCATION RACES

Over the past several years TSC has shared articles with our members regarding the State of Ohio Health Model Curricula. It is very important as citizens that we continue to keep a watchful eye on this process and most effectively can do so by electing responsible individuals who not only value life, but who will also stand firm on their convictions and not cave in to the pressure of politics. That is why it is so important for the citizens of this state to become involved in the State of Ohio Board of Education Election process. Seven of the eleven Districts will have Board members who will be elected this November.

For your information, the following districts will have candidates for the upcoming State of Ohio Board of Education elections on November 7, 2000: **Districts #1, 5, 6, 7, 9, 10, & 11** (See map). We encourage you to take the time to contact and research those running in your district and become involved in your state government.
