Spring 2025

Thoughts from the Executive Director

Frank Ebner

“See what love the Father has bestowed on us that we may be called the children of God. Yet so we are. The reason the world does not know us is because it did not know Him.” –1 John 3:1

Spring is a beautiful season as daylight hours grow longer, winter cold vanishes, flowers bloom, and new growth appears in the landscapes around us.

We are blessed in so many ways despite the daily challenges we face. Knowing that God loves us and walks beside us, we are confident that all things are possible with His steadfast guidance.

We are all teachers, whether in the classroom, in our homes, our neighborhoods, and with whomever we encounter. And so it is with *Teachers Saving Children*, our conversations with others reflect the beauty, sanctity and dignity of all human lives, at all stages and all abilities.

Our mission is to educate others about the truth of human life, the atrocity of abortion and attacks on the human family, support for parents facing unplanned and crisis pregnancies, and donating our time, talents and treasures to help achieve this mission.

This is accomplished in a variety of ways, including our educational exhibits at outreach events, listening to the personal stories of those many people who have faced (or are facing) challenging circumstances in life, and providing emotional and spiritual support and resources to help each person depending on his or her particular need.

We enter spring following a very active winter outreach. On pages 2 and 3, you will find a summary of 3 different outreach events in which we participated: *Walk for Life, West Coast* (San Francisco); *Made in His Image* (Canton, Ohio); and *Bringing America Back to Life Convention* (Independence, Ohio).

In this issue, there is also a summary of the pro-life efforts undertaken by President Trump's administration, recommended pro-life children's books and upcoming outreach events where we will have our exhibit table/booth.

I am so thankful for your support again this year. May God bless you abundantly with His graces.

Walk for Life West Coast: January 25, 2025

The theme for this year's 21st annual Walk for Life West Coast was “*Reclaiming Life for Every Generation*”. Thousands of pro-lifers gathered on the plaza in downtown San Francisco, beginning at 10 am, visiting 24 different pro-life groups each of whom were allowed to have a pro-life table exhibit. **Teachers Saving Children** had a beautiful exhibit with baby models, life-affirming books, pro-life stickers and various fact sheets and posters, “Life-Savers” candies and pro-life pens. Our table was once again one of the most-visited (if not **the** most-visited) exhibits.

Three fantastic speakers energized the crowd of thousands, the first of whom was Ryan Bomberger (Emmy-award winner, pro-life author, columnist and father of four children, who along with his wife, Bethany, leads the Radiance Foundation, www.radiancefoundation.org) Following Bomberger on the stage was Kelly Lester, who journeyed through the darkness of abortions to become a witness to the truth and sanctity of preborn babies. The final speaker was local pastor Walter Hoyer from Oakland, California who concluded his passionate speech with, “*Now is the time to stand up for life! Now is the time to walk for life!*”

Made in His Image (Canton, Ohio)

On February 8th, Teachers Saving Children donated over 1,500 diapers to the *Made in His Image* pro-life event in Canton for distribution to the local pregnancy help centers. We purchased the diapers from *Every Life*, the pro-life diaper company. (Huggies, Luvs, and Pampers all donate to Planned Parenthood and pay for abortion travel expenses).

Bringing America Back to Life Convention (Independence, Ohio): March 7-8, 2025

On March 7th and 8th, *Teachers Saving Children* represented you at one of the premier pro-life conventions in the United States. **Bringing America Back to Life (BABL) Convention** brings together more than 60 exhibitors, over 1000 attendees and top-notch speakers. *Teachers Saving Children* members Judy Bruns, Kristy Perez and Frank & Noreen Ebner volunteered at our exhibit booth, positively interacting with middle and high school students, parents, homeschooling teachers and others who were attracted to our exhibit.

Speakers at the **BABL** convention included Riley Gaines (a leader in free speech and standing up to the transgender ideology in college sports); Abby Johnson (mother of 8 children and passionate defender of life; formerly a Planned Parenthood Director); Xi Van Fleet (who spoke on the parallels of Mao's Cultural Revolution to what is unfolding in the United States today), and so many more excellent speakers.

Our exhibit was very well-received by the attendees who thanked us for supporting teachers, speaking the truth (with love), and educating people, of all ages, to the beauty, dignity and sanctity of human life.

President Trump's First 2 Months Result in Wins for Life

Below are some of what President Trump's administration has done to slow the abortion advocacy from the previous (Biden) administration:

1. Reinstated the "Mexico City Policy" which prohibits US dollars to foreign nongovernmental organizations (NGO's) to be spent on abortion or abortion counseling.
2. *Executive order pardoned and released from prison 23 pro-lifers who were prosecuted for peacefully protesting at an abortion clinic.*
3. President Trump declared, by executive order, that life begins at conception and biological sex is determined "at conception".
4. *The State Department rejoined the Geneva Consensus, a global agreement stating, "that there is no international right to abortion and countries are not obligated to finance or facilitate it."*
5. President Trump reinstated the Hyde Amendment, banning the use of federal taxpayer dollars to fund abortions in the United States.
6. *California dropped the lawsuit against Sandra Merritt and David Daleiden who documented and reported Planned Parenthood's sale of aborted baby body parts.*
7. Defunded the United Nations Population Fund (UNFPA) which financially supported abortion policies in foreign countries.
8. *Vice-President J.D. Vance spoke at January's March for Life in Washington, DC., stating, "We march to protect the unborn; we march to proclaim and live out the sacred truth that every single child is a miracle and a gift from God."*

RECOMMENDED BOOKS

“PRO-LIF KIDS!” by Bethany Bomberger

“PRO-LIFE KIDS! Coloring & Activity Book” by Bethany
& Ryan Bomberger

PRO-LIFE KIDS! Coloring & Activity Book is a companion piece to Bethany Bomberger’s ***PRO-LIFE KIDS!***—an adorably illustrated (hardcover) children’s book endorsed by Dr. Alveda King (Martin Luther King Jr.’s niece) and Abby Johnson (“Unplanned” book/movie). Both books share the beautiful message about the inherent dignity of every human person in a way that children will easily understand. Ryan Bomberger was a keynote speaker at Walk for Life West Coast, January 25, 2025

UPCOMING OUTREACH EVENTS

- ***Great Homeschool Convention*** (Columbus, Ohio) April 24th-26th, 2025. Greater Coumbus Convention Center
- ***National Education Association Representative Assembly (NEA-RA)*** Jul 2nd-6th. 2025 Portland, Oregon. Portland Convention Center
